ON COURSE ON GLIDE PATH

February 2004

Pilot's Log

2003 was a great year for Harvest Air. We look forward to the many things that God has in store for us in 2004. We have already flown several multi-day trips this year. We had a great Pastors Convention in Santo Domingo two weeks ago. Seven countries were represented at the week long event. I took six people over for the last three days of the conference. It was a significant event for many of them as God confirmed things to them that they had been praying about for over a year.

Testimonies

We are from the United Church of Christ in La, Mina, Naguabo, PR. We met the Tuinder family last year when they moved to our country. Immediately they explained the mission and vision of Harvest Air. Our Pastor Ivan Garcia has a heart for missions and after finding out about Harvest Air immediately booked two trips for our church. We see the hand of the Lord moving in everyone of these trips and know that Harvest Air is part of the commission that God has given our church at this time **Reach the world from Puerto Rico to the nations.** ”

I want to extend to you an invitation. Be a sponsor of this ministry and pray for them. Be part of this time, a time for God to give salvation to all the nations.
