ON COURSE ON GLIDE PATH

March 2006

Pilot's Log

Special thanks to all the guys at Wings of Hope in Saint Louis for doing a fantastic job on the aircraft. They exceeded all of our expectations, from the new GPS, Multifunction Display, Electronic Engine and Fuel Monitoring Systems, to the new Prop, Landing Gear Side Brace Kit, Vortex Generator kit, Engine Beam and Cylinder work, to the delivery of the aircraft in Puerto Rico. We could not have asked for a better job by a better group of professionals. Thank you, thank you, thank you!

Medical Flight Evaluation

On Thursday February 23rd I passed my Medical Flight Evaluation with the FAA and received my 2nd Class Medical Certificate. On Saturday the 25th I completed my Day and Night Proficiency Evaluations and a Bi-Annual Flight Evaluation. I am happy to say that I am back in the air again. Thank you for all of your prayer support over the past eight months. It has been a trying time but God is faithful and true to those who follow Him. I am planning to be in Haiti in about ten days to deliver a plane load of clothes, shoes and baby supplies to an Orphanage on the north west coast.

Annual Fund Raising Trip

Sharon and I will be coming home to meet our annual budget requirements from April 21st to May 17th. We hope to see you all then. If you would like us to come by your church give us a call at 912-604-7753. We would love to share with you what God is doing in the Caribbean.

Special Need

10 days ago while sitting at a red light on our way to San Juan our 97 Explorer was destroyed by a young man that tried to drive through the back of us. We are now in search of a replacement vehicle and money is in short supply considering I have not been able to work for the past eight months. The insurance settlement we received was not enough to replace the vehicle and any help would be greatly appreciated.

Thank you for your continued support.
Serving those who serve the Lord,
Tim and Sharon Tuinder
