

# Harvest Air

## On Course on Glide Path

### **WE HAVE NOT MOVED!!!!!!!!!!!!!!!!!!!!**

If you sent in your monthly support to Harvest Air and it was returned to you (**moved, no forwarding address**) please resend it. The post office got the idea that we had moved and stopped our mail. We have fixed the problem and I hope that we can recover a lot of what was lost.

Wow, what a long time to be gone from home. We just returned to Puerto Rico after a 12 week trip to the States. Our time was filled with fund raising, starting a new business and visiting with friends and family. It was wonderful to see all of you again. We appreciate all that was done to make us feel at home.

We would like to give a special thank you to Ronald and Lynn Bigbie for hosting us again. They were so gracious to provide us with a home and a vehicle while we were in Savannah. We would also like to thank Gene Chervenak for providing a vehicle for Sharon during our visit.

Thank you, to all our pastor friends for allowing us to share our vision for Harvest Air with you and your congregations. This year we were blessed to speak in churches in **Augusta, Guyton, Jesup, Homerville, Hazlehurst, Savannah, Soperton and Tifton**. We could not do what we do without you. Your kindness and generosity is certainly vital to our success.

**First United Methodist Church Tifton, GA**

**We returned to Puerto Rico on Tuesday to find out that;**

**1)The post office was returning our mail.** (We were able to get it fixed on Wednesday.)

**2)The garage roof had cracked and was leaking all over the inside of the garage.** (We need to have the roof repaired.)

**3)The refrigerator had stopped working and the house smelled like rotten food.** (We replaced the frig on Friday. The smell is slowly going away.)

**4)Someone was stealing money from the Harvest Air bank account.** (They only stole \$668.00 and the bank will not reimburse a commercial account unless the amount taken was more than \$1,500.00) We have filed a police report and are waiting for a response.

**5)The aircraft required a repair prior to our next flight on Wednesday the 24th .** (The repair was \$4,200.00) If anyone could help with the cost of the repair it would be greatly appreciated.

**6)That life is great and God is in control of all things. We live one day at a time and thank God for each one of them.**

You will be receiving your monthly statement in a few days. We took the data base to Savannah with us so we could continue to send your statements without interruption. However, the data base would not open so we are a few months behind. We should have everything entered in the computer by the end of the night and we will mail out your statements on Monday the 22nd.

**Thank you for your continued support.  
Serving those who serve the Lord,  
Tim and Sharon Tuinder**
